

BARRIER TAPE

Non-Adhesive Barrier Tape

TIGRIS TAPE RANGE

Description:

A high quality, non-adhesive plastic barrier tape printed with high visibility warning diagonal stripes.

Uses

Made from 100% virgin grade polyethylene.

For temporarily cordoning off hazardous areas and marking out incident scenes, race courses, construction areas, etc.

Colour

Available in two different colour formats: red and white or black and yellow.

Size

70mm x 500M rolls.

Storage Conditions

Store in cool, dry conditions.

Shelf Life

Indefinite.

Disposal of Containers

Do not leave unused product or discarded material on site where it could be harmful to children, animals or the environment. Remove to a central disposal point in accordance with local regulations.

Health & Safety

This product will cause no major hazard or problem to the users health.

Please refer to separate material safety data sheet for full handling, use and storage instructions. Keep out of reach of children. It is the users responsibility to determine suitability for use. If in doubt contact our Technical Department for advice.

Note: this information is for general guidance only, since site conditions and labour are beyond our control. It is recommended that users make their own tests to determine suitability.

Specification Summary

Tape Thickness	20mu (0.02m)
Substrate	LDPE (low density polyethylene)
Ink	Highly resistant, solvent-based
Core	76mm dia cardboard core
Resistance to Acids and Alkalis	Highly resistant
Longitudinal Elongation	25%
Tensile Strength	4Kg
Roll Weight	500m - 925g

Product Details:

Colour: Yellow/Black	Red/White
Code: BDBTYB	BDBTRW
Size: 70mm x 500M	70mm x 500M
Barcode: 5056437400178	5056437400154

The data presented in this leaflet are in accordance with the present state of our knowledge, but do not absolve the user from carefully checking all supplies immediately on receipt. We reserve the right to alter product constants within the scope of technical progress or new developments. The recommendations made in this leaflet should be checked by preliminary trials because of conditions during processing over which we have no control, especially where other companies raw materials are also being used. The recommendations do not absolve the user from the obligation of investigating the possibility of infringement of third parties rights and, if necessary clarifying the position. Recommendations for use do not constitute a warranty, either expressed or implied, of the fitness or suitability of the products for a particular purpose.
