

Never compromise on quality!

BRICK & PATIO CLEANER

Acid Based Brick Cleaner

BUILDERS COMPLETE RANGE

Description:

An acid based cleaner formulated to remove unsightly stains caused by numerous every day occurrences, as well as builders splatter.

Uses

For removing cement and mortar splashes, light oil stains and grease from brickwork, paving, tiles, earthenware and concrete. Bond It **BRICK & PATIO CLEANER** should not interfere with the various types of concrete and stone (except limestone and marble) commonly encountered in the general building area. Efflorescence can also be removed by using this product diluted.

Application

Gloves, overalls, boots and goggles should be worn at all times during application. Protect metal surfaces and paint-work before application with polythene sheets and tape. Remove excess dirt, mortar, etc. with a stiff yard brush. If cleaning down brickwork saturate area with water to prevent damage to mortar. Before commencing a full clean down, test on an inconspicuous area with Bond It **BRICK & PATIO CLEANER** diluted 2:1, water to cleaner. For normal use dilute between 2 and 4 parts water to 1 part cleaner. Apply using a low pressure hose or by brush and allow to stand for 10-15 minutes ensuring the area does not dry out and is scrubbed occasionally with a stiff yard brush. Rinse thoroughly with large amounts of water, do not add water to neat cleaner, always add the cleaner to the water. If stains persist, repeat the process and/or use the cleaner undiluted taking care to test the neat cleaner first on an inconspicuous area. For removing efflorescence use a 4:1 dilution water to cleaner. Always use a plastic container for diluting this product.

Limitations

Do not use Bond It **BRICK & PATIO CLEANER** on limestone or marble as the chemicals will attack the surface. This product can also have an adverse effect on coloured concrete, test an inconspicuous area before use. For removing mould, lichen or mildew, Bond It **MOULD STOP**, **PATIO BLASTER** or **ORGANIC CLEANER** should be used. If used internally, extreme care must be taken and thorough ventilation provided as fumes can cause damage to sensitive surfaces.

Do not allow product to come into contact with metals such as steel, copper, aluminium and titanium.

Cleaning of Tools

Rinse equipment after use with plenty of clean water. **Note:** Do not throw rinsing water onto plants/ grass.

Container Size

2.5L, 5L and 25L plastic bottles.

Coverage

Approximately 15-30m² per 5 Litres.

Shelf Life

2 years from date of manufacture when stored in sealed bottles.

Storage Conditions

Store in cool, dry conditions in a sealed container between temperatures of 5 and 30°C. **KEEP AWAY FROM CHILDREN.** Store away from alkaline products and bleach.

Disposal of Containers

Do not leave empty containers where residue could be harmful to children, animals or the environment. Remove any containers to a central disposal point in accordance with local regulations.
