

PRODUCT DATA SHEET

EVERBUILD SAFER SPIRIT®

A WATER BASED ALTERNATIVE TO WHITE SPIRIT FOR BRUSH CLEANING AND GENERAL CLEANING

PRODUCT DESCRIPTION

EVERBUILD SAFER SPIRIT® is an effective water based alternative to white spirit that is safer for you and the environment. The formulation contains all biodegradable ingredients. A high-tech mix of low VOC components, EVERBUILD SAFER SPIRIT® is non-toxic, virtually odourless and is non-flammable. Contains a conditioning agent, leaving brushes soft and supple.

USES

- Cleans most oil based paints from brushes, rollers and paint pads.
- Cleans paint spills from surfaces such as worktops, laminate flooring, most textiles, glass, etc.

CHARACTERISTICS / ADVANTAGES

- Water-based environmentally safe formula.
- Low VOC.
- Cleans a variety of paints.
- Non toxic and non flammable.

PRODUCT INFORMATION

Packaging	750ml bottle
Appearance / Colour	Clear liquid
Shelf Life	2 years in original unopened containers.
Storage Conditions	Store in cool dry conditions away from direct sunlight between 5 and 20°C. Store in original containers and out of reach of children. Dispose of product and packaging correctly.

APPLICATION INSTRUCTIONS

APPLICATION METHOD / TOOLS

Cleaning Brushes, Rollers and Paint Pads: Remove as much paint as possible using a cloth or newspaper. Pour a quantity of EVERBUILD SAFER SPIRIT® into a generous sized container, dip the implement into the solution and work in well. Remove from the container and using a cloth rub in the solution. Repeat the above if necessary always using fresh EVERBUILD SAFER SPIRIT®. Rinse in clean water and dry. Note: Heavily coated

paint implements may require a number of applications. Certain paints may not be suitable for use with EVERBUILD SAFER SPIRIT®. In these cases white spirit should be used instead.

Cleaning spills from Hard Surfaces: Absorb as much of the paint as possible with a cloth or paper towel. Pour a generous quantity of EVERBUILD SAFER SPIRIT® onto a cloth or paper towel and wipe the surface until all paint has been removed. Rinse with clean water and dry.

Cleaning spills from Textiles: Always test a small patch for colour fastness. Pour a quantity of EVERBUILD SAFER SPIRIT® directly onto the affected area and rub vigorously until paint has been removed. Rinse or wash with clean water. Can also be used for cleaning smaller spills from carpets.

LIMITATIONS

- Do not use to thin oil based paints.
- Always test a small inconspicuous area prior to full application especially on textiles/fabrics.
- It is the user's responsibility to determine suitability for use. If in doubt contact Technical Services for advice.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for the exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

Consult MSDS for full list of hazards.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
