# KLÖBER

Universal Tile Vent

10 YEAR GUARANTEE

The universal solution for ventilating roof voids, compatible with most concrete interlocking roof tiles.

Klober's Universal Tile Vent suits most popular interlocking roof tiles and can be used to ventilate roof voids or as a terminal for soil and ventilation pipes and mechanical extraction systems.

Universal Vent Adaptor 100mm

Features and benefits

- Design allows direct ventilation to the roof space.
- Can be used as a terminal for soil and ventilation pipes and mechanical extraction systems when used with an adaptor and flexipipe.
- Compatible with 100mm and 125mm adaptors.

Area of application

- For roof pitches 17.5° and over.
- Suits most concrete interlocking and plain tiles.
- High and low level ventilation.
